DOCKET NO. 1999-323-C

In the Matter of the Application of Access Integrated Networks, Inc. for a Certificate of Public Convenience and Necessity to Provide Local Exchange and Interexchange Telecommunications Services, for Alternative Regulation First Approved in Docket No. 95-661-C, and for Flexible Rate Structure for Local Exchange Service Offerings First Approved in Docket No. 98-049-C

**APPLICATION FOR CERTIFICATE OF PUBLIC CONVENIENCE & NECESSITY**

Access Integrated Networks, Inc. ("AIN") or (Applicant") hereby applies to the South Carolina Public Service Commission ("Commission") for a certificate of public convenience and necessity pursuant to South Carolina Code Sections 58-9-280 and 58-9-520 and the rules and regulations of the South Carolina Public Service Commission to operate as a provider of local exchange and interexchange telecommunications services within the State of South Carolina.

Pursuant to S.C. Code Ann. § 58-9-585 and the general regulatory authority of the Commission, the Applicant also requests that the Commission regulate its business services, consumer card, and operator service offerings as described below in accordance with the principles and procedures established by Orders No. 95-1734 and 96-55 in Docket No. 95-661-C. Applicant requests that the Commission allow Applicant to adopt the flexible rate structure for its local exchange service offerings similar to that approved by Order No. 98-323 in Docket No. 98-049-C. The Applicant further requests, pursuant to R. 103-601(3) of the Rules of the Commission, that the Commission waive application to it of the first sentence of R. 103-610, and R. 103-834(A)(3). In support of its Application, AIN provides the following information:

3. Applicant is a corporation incorporated under the laws of the state of Georgia. **Exhibit A** of this application includes a copy of the Articles of Incorporation and Articles of Amendment of same. Attached as **Exhibit B** is a copy of AIN's Certificate of Authorization to do business in the State of South Carolina.
4. AIN intends to furnish essentially the same local exchange and interexchange telecommunications services that are currently provided in the State of South Carolina by

existing local exchange carriers ("LECs") and interexchange carriers ("IXCs").

5. Local exchange telecommunication's services will include residential and business voice and data lines and the associated features that supplement those lines. For example, AIN will provide custom calling features, local exchange analog trunks, digital trunks, analog/digital data circuits, ISDN (BRI and PRI), frame relay, T-1, point to point, channelized MegaLink, and operator services, as well as other local exchange broadband services.
6. AIN will execute all necessary resale agreements with the incumbent LECs in whose territory AIN will provide service, prior to offering service in South Carolina. An illustrative list of local exchange services that Talon intends to offer is attached as **Exhibit F**.
7. Interexchange products and services will include long distance services tailored to specific customers and applications. Applicant intends to resell switched long distance, toll-free services (800/888/877), dedicated long distance services, interLATA and interexchange private lines, analog and digital data circuits, frame relay, operator services, domestic international calling cards, pre-paid calling cards, after-hours message and reporting services, voice mail, paging services, MTS, WATS and all voice and data interexchange networks services available resale. AIN will also provide voice mail and paging services, as well as Internet services to its customers.
8. Applicant has a team of managers and support personnel qualified to operate a communications business. Resumes of key personnel are included in **Exhibit C**. Additionally, as a switchless reseller, AIN relies on the technical expertise of its underlying carrier for the operation, maintenance and supervision of the network.
9. In support of Applicant's financial capability to provide the proposed service within South

Carolina, a copy of AIN's Financial Statements as of November 30, 1998 is provided in **Exhibit D**.

10. Attached as **Exhibit E** is a copy of the Applicant's proposed telecommunications tariff, setting forth its rates, charges and regulations.
11. The Applicant requests that all of its business service offerings be regulated pursuant to the procedures described and set out in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C. It is Applicant's intent by this request to have its business services regulated in the same manner as this Commission has permitted for AT&T Communications of the Southern States. Specifically, Applicant requests:
  - a) removal of maximum rate tariff requirements for its business services, consumer card, operator service, and future private line, and customer network-type offerings;
  - b) that tariff filings for these uncapped offerings are presumed valid upon filing. If the Commission institutes an investigation of a particular filing within seven days, the tariff filing will be suspended until further order of the Commission; and
  - c) any relaxation in the reporting requirements that may be adopted for AT&T shall apply to the Applicant also.
12. The Applicant further requests that the Commission allow AIN to employ a flexible local exchange rate structure first authorized by Order No. 98-323 in Docket No. 98-049-C. Specifically, the Applicant requests that
  - a) the Commission adopt for Applicant's local exchange services a competitive

rate structure incorporating maximum rate levels with the flexibility for rate adjustment below the maximum rate levels;

- b) that its local exchange service tariff filings be presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of such filings. At the discretion of the Commission, such filings would be suspended pending further order of the Commission and any such filings would be subject to the same monitoring process as is applied to other, similarly situated carriers.

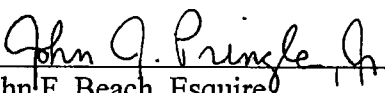

13. Applicant's entry into the South Carolina marketplace is in the public interest because Applicant intends to make available a uniquely attractive blend of service quality, network management and reporting, and low rates.

14. In addition to the direct benefits delivered to the public by its services, Applicant's entry into the South Carolina marketplace will benefit the public indirectly by increasing the competitive pressure felt by existing IXC's and LEC's, spurring them to lower costs and improve services in response.

WHEREFORE, Access Integrated Networks, Inc. requests that the South Carolina Public Service Commission issue a Certificate of Public Convenience and Necessity authorizing it to provide resold intrastate telecommunications services to the public as proposed herein and set forth in the attached tariff. AIN also requests that the Commission regulate its business service, consumer card, and operator service offerings in accordance with the principles and procedures established in Orders No. 95-1734 and 96-55 in Docket No. 95-661-C, and that the Commission regulate its local exchange service offerings in accordance with the principles and procedures established in Order No. 98-323 in Docket No. 98-049-C.

Respectfully submitted,

**EXHIBIT C**

**Access Integrated Networks, Inc.**

**Resumés of Key Personnel**

## ACCESS INTEGRATED NETWORKS, INC. (SOUTH CAROLINA)

### Managerial & Technical Qualifications of Officers and Employees

**Tom Wright, President** has over 25 years of experience in the telecommunications industry, most of it in the local service arena. In various positions with BellSouth, Mr. Wright managed sales activities in the mid/south Georgia area and has an intimate understanding of that market. Additionally, he played a major role in developing and managing BellSouth's original third party distribution channel. As a profit center manager for a sales operation, he gained valuable experience in budget management and expense control. His understanding of BellSouth and its processes is invaluable in ongoing negotiations with the incumbent carrier. Mr. Wright is a graduate of Valdosta State University with a degree in Business Administration.

**George Forbes** holds the position of **Vice President of Operations**. With over 10 years in the industry, most if it in technical design, implementation and support positions with BellSouth and MCI, Mr. Forbes brings the experience and knowledge to manage the company's ordering and provisioning processes. He has "back office" experience with both local and long distance carriers. Mr. Forbes is a graduate of North Georgia College.

**Laura McMaster, Vice President-Sales / Tier 2 Markets** brings over 11 years of major accounts sales experience in the telecommunications and high tech copier industries. She has managed major accounts in the mid/south Georgia area for most of that time for both BellSouth's wireless carrier, BellSouth Mobility and later the incumbent carrier (BellSouth). She possesses the effective combination of in-depth industry/product knowledge and major account management skills necessary to build the account base Access is looking for. Ms. McMaster has a degree in Business Administration from the University of Louisville.

**Brian Baker, Vice President-Sales / Metro Markets** has over 11 years of sales experience in the industry, mostly in the metro Atlanta market, one of the most competitive in the country. Mr. Baker began his career with BellSouth in its CPE (Customer Provided Equipment) division and later moved into a senior account management position with the company's carrier sales force. Mr. Baker is a graduate of the University of Florida with a degree in Business Administration.

**Annette Hardy, Customer Service Manager** has over 30 years of customer service management experience in the telecommunications industry with BellSouth. Her knowledge of service ordering processes, billing and collections from a solid foundation for Access' customer care.

**Randy Smith, Chairman** is president of Protecom, Inc., a Macon, Georgia based telecommunications company. He has been in the industry for over 25 years and is an acknowledged leader. His posts include president, Georgia Interconnect Association; Man-of-the-Year, Georgia Interconnect Association; Chairman/Board Member, North American Telecommunications Association. Additionally, Mr. Smith maintains strong ties with BellSouth and was a member of the BellSouth Authorized Sales Representative Steering Committee for 5 years.

**COMPILED FINANCIAL STATEMENTS  
AND ACCOUNTANT'S REPORT**

**FOR THE YEARS ENDED  
DECEMBER 31, 1998, AND 1997**

January 25, 1999

The Board of Directors  
Access Integrated Networks, Inc.  
121 North Crest Blvd.  
Macon, GA 31210-1845

I have compiled the accompanying balance sheets of ACCESS INTEGRATED NETWORKS, INC. as of December 31, 1998, and 1997, and the related statements of income and cash flows for the years then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements, information that is the representation of management. I have not examined or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them. However, I became aware of a departure from generally accepted accounting principles that is described in the following paragraph.

The accrual of revenue to customers is generally billed in advance and the accrual of costs related to revenue from the two major suppliers of services include some components of previous period charges and some components of billing in advance. Management informs us that it is impracticable to accurately measure the timing of various components and the effect of this matter cannot be determined.

Because the significance of the matters discussed above make it difficult to assess their impact on the financial statements taken as a whole, users of these financial statements might reach different conclusions about the company's financial position, results of operations, and cash flows if they had access to revised financial statements prepared in conformity with accepted accounting principles.

**TARIFF FORMAT**

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).I.
  - 2.1.1.A.1.(a).I.(i).
  - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** - When a tariff filing is made with the SC PSC, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.)

**SECTION I - TECHNICAL TERMS & ABBREVIATIONS**

**Access Line** - A local channel for voice, data, or video communications which connects the Customer location to a location of the Company or its underlying carrier.

**Account** - The Customer who has agreed, orally or in writing, to honor the terms of service established by the Company. An Account may have more than one service billed to the same Customer address. An Account may include multiple locations for the same Customer.

**Aggregator** - Any person or other legal entity that may be a Customer and, in the ordinary course of its operations, makes telephones available to the public or to transient users of its premises, for telephone calls using a provider of operator services.

**Authorization Code** - A pre-defined series of numbers to be dialed by the Customer upon access to the Company's system to identify the caller and validate the caller's authorization to use the services provided. The Customer is responsible for charges incurred through the use of his or her assigned Authorization Code.

**Business Customer** - For the purpose of this tariff, a Business Customer is a Customer of the Company whose primary use of the Company's service is for business purposes. A Business Customer is also a Customer who accesses the Company's service using an access line that has been assigned a business class of service by the local service provider.

**Collect Call** - A billing arrangement by which the charges for a call may be billed to the called party, provided the called party agrees to accept the charges.

**Commission** - The South Carolina Public Service Commission.

**SECTION I - TECHNICAL TERMS & ABBREVIATIONS, (CONT'D.)**

**Company** - ACCESS INTEGRATED NETWORKS, INC., unless stated otherwise.

**Company's Point of Presence** - Location of the serving central office associated with access to the Company's or its underlying carrier's network.

**Consumer** - A person who is not a Customer who initiates any telephone calls using operator services.

**Customer** - Any person, firm, partnership, corporation or other entity which subscribes to or uses service under the terms and conditions of this tariff. The Customer is responsible for the payment of charges for service offered by the Company which are subscribed to or used by the Customer. The Customer is also responsible for payment of charges for a third person's use of service to which the Customer subscribes.

**Customer Dialed Calling Card** - A service whereby the Customer dials all of the digits necessary to route and bill the call to a valid non-Company calling card or credit card.

**Equal Access** - The ability of the Company to serve Customers on a presubscribed basis rather than through the use of dial access codes.

**Initial And Additional Period** - The Initial Period denotes the interval of time allowed at the rate specified for a connection between given service points. The Additional Period denotes the interval of time used for measuring and charging for time in excess of the Initial Period.

**LATA** - Local access and transport area. A geographic area established by the US District Court for the District of Columbia in Civil Action No. 82-0192.

**LEC** - Local Exchange Company

**Operator Station Call** - A service whereby the Customer places a non-Person to Person call with the assistance of an operator (live or automated.)

**Person to Person Call** - A service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached through a PBX attendant.

**Premises** - The physical space designated by the Customer for the termination of the Company's service.

**Residential Customer** - For the purpose of this tariff, a Residential Customer is a Customer of the Company whose primary use of the Company's service is for personal use in a house, apartment or other residential dwelling unit. A Residential Customer is also a Customer who accesses the Company's service using an access line that has not been assigned a business class of service by the local service provider.

**Switched Access** - A method for reaching the Company through the local service provider's switched network whereby the Customer uses standard business or residential local lines.

**SECTION 2 - RULES AND REGULATIONS**

**2.1 Undertaking of ACCESS INTEGRATED NETWORKS, INC.**

- 2.1.1** ACCESS INTEGRATED NETWORKS, INC. is a resale common carrier providing intrastate communications local exchange and long distance message toll telephone service to Customers for the transmission and reception of voice, data, and other types of communications.
- 2.1.2** The Company offers intrastate telecommunications service in conjunction with interstate service.
- 2.1.3** Long distance usage charges are based on the actual usage of network. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.
- 2.1.4** No charges apply to incomplete calls.

**2.2 Use of Service**

- 2.2.1** Service may be used for any lawful purpose for which it is technically suited.
- 2.2.2** The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, number, process, or code. All right, title and interest to such items remain, at all times, solely with the Company or its underlying carrier, as appropriate.
- 2.2.3** Recording of telephone conversations of service provided by the Company under this tariff is prohibited except as authorized by applicable federal, state and local laws.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.3 Limitations of Service**

- 2.3.1** Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff. The Company may decline applications for service to or from a location where the necessary facilities or equipment are not available. The Company may discontinue furnishing service in accordance with the terms of this tariff.
- 2.3.2** The Company reserves the right to discontinue or limit service in accordance with the terms of this tariff when necessitated by conditions beyond its control (examples of these conditions are more fully set forth elsewhere in this tariff), or when service is used in violation of provisions of this tariff or the law.
- 2.3.3** The Company does not undertake to transmit messages, but offers the use of its service when available, and, as more fully set forth elsewhere in this tariff, shall not be liable for errors in transmission or for failure to establish connections.
- 2.3.4** The Company reserves the right to refuse to process Third Party Billed calls when the billed party and/or standard validation techniques do not confirm acceptance, or based on characteristics of the originating location.
- 2.3.5** The Company reserves the right to discontinue service, limit service, or to impose requirements in accordance with the terms of this tariff as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material affect on the business or economic feasibility of providing service, as determined by the Company in its reasonable judgment.
- 2.3.6** Service is offered subject to restrictions imposed upon the Company by any authority having authority over the Company's provision of service.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.4 Assignment or Transfer**

The Customer may not transfer or assign the use of service offered by the Company without the express prior written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of service. All terms and conditions contained in this tariff shall apply to all such permitted transferees or assignees, as well as all conditions of service.

**2.5 Liabilities of Company**

- 2.5.1** The liability of the Company for damages of any nature arising from errors, mistakes, omissions, interruptions, or delays of the Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, moving, terminating, or changing the service or facilities or equipment shall not exceed an amount equal to the charges applicable under this tariff (calculated on a proportionate basis where appropriate) to the period during which such error, mistake, omission, interruption or delay occurs.
- 2.5.2** In no event shall the Company be liable for any incidental, indirect, special, or consequential damages (including, but not limited to, lost revenue or profits) of any kind whatsoever regardless of the cause or foreseeability thereof.
- 2.5.3** When the services or facilities of other common carriers are used separately or in conjunction with the Company's facilities or equipment in establishing connection to points not reached by the Company's facilities or equipment, the Company shall not be liable for any act or omission of such other common carriers or their agents, servants or employees.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.6 Liability of the Customer**

The Customer shall indemnify, defend and hold harmless the Company (including the costs of litigation and reasonable attorney's fees) against:

- A. Claims for libel, slander, infringement of copyright or unauthorized use of any trademark, trade name or service mark arising out of the material, data, information, or other content transmitted over the Company's facilities or equipment; and
- B. Claims for patent infringement arising from combining or connecting the Company's facilities or equipment with facilities, equipment, apparatus or systems of the Customer; and
- C. All other claims (including, without limitation, claims for damage to any business or property, or injury to, or death of, any person) arising out of any act or omission of the Customer, or the Customer's agents, servants, employees, or customers, in connection with any service or facilities or equipment provided by the Company.

**2.7 Taxes and Fees**

- 2.7.1 For all calls, state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.
- 2.7.2 To the extent that a municipality, other political subdivision or local agency of government, or Commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, insofar as practicable and allowed by law, be billed pro rata to Customers receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.7 Taxes and Fees, (Cont'd.)**

**2.7.3** The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Such adjustments shall be listed in this tariff.

**A. Public Pay Telephone Surcharge**

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.8 Terminal Equipment**

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with applicable rules and regulations of the Federal Communications Commission, including, but not limited to, Part 68. In addition, equipment must comply with the generally accepted minimum protective criteria standards and engineering requirements of the telecommunications industry which are not barred by the Federal Communications Commission.

**2.9 Installation**

No installation at the Customer's Premises is required to use the Company's service. Service is initiated by request of the Customer. The Company may refuse to provision service when the Company cannot verify that the party requesting the Company's service is authorized to request or to change service.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.10 Payment for Service**

- 2.10.1** Service is provided and billed on a monthly basis. Bills are due and payable upon receipt. A late fee of 1.5% per month (or the maximum amount allowed by law, whichever is lower) applies to any unpaid and past due balance. The late fee begins to accrue on the 30th day after the billing date. All late charge provisions will be implemented in compliance with Commission rules and regulations pertaining to the application of late fees.
- 2.10.2** The Customer is responsible for payment of all charges for service furnished to or used by the Customer, or the Customer's agents, servants, employees or customers. The Customer is also responsible for payment of charges for a third person's use of service to which the Customer subscribes. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent. Any objections to billed charges should be reported to the Company or its billing agent within thirty days after receipt of the bill. If objection in writing is not received by the Company within the applicable statute of limitations after the bill is rendered, the Account shall be deemed correct and binding upon the Customer.
- 2.10.3** The security of the Customer's Authorization Codes is the responsibility of the Customer. All calls placed using such Authorization Codes shall be billed to and shall be the obligation of the Customer. The Customer shall not be responsible for charges in connection with the unauthorized use of Authorization Codes arising after the Customer notifies the Company of the loss, theft, or other breach of security of such Authorization Codes.
- 2.10.4** The Company reserves the right to assess a charge not to exceed the maximum amount determined by applicable state law, whenever a check or draft presented for payment of service is not accepted by the institution upon which it is written.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.10 Payment for Service, (Cont'd.)**

**2.10.5** The Customer shall be responsible for all calls placed by or through Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for any calls placed by or through the Customer's equipment via any remote access features. The Customer is responsible for all calls placed via their Authorization Code, whether such use is as a result of the Customer's intentional or negligent disclosure of the Authorization Code or otherwise.

**2.11 Deposits**

The Company does not require deposits for South Carolina services other than prepaid calling cards.

**2.12 Advance Payments**

The Company does not require advance payment for South Carolina services.

**2.13 Interruption of Service**

Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment and/or communications systems provided by the Customer, are subject to the general liability provisions set forth in this tariff. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer. Interruptions caused by Customer-provided, or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via LEC access. For purposes of credit computation, every month shall be considered to have 30 days. For services with a monthly recurring charge, no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours. For message rated toll services, credits will be limited to, at maximum, the price of the initial period of the individual call that was interrupted.

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.15 Application for Service**

The Company reserves the right to require Customers to make application(s) for service in writing using forms provided by the Company. Upon acceptance of an application for service by the Company, all applicable provisions in the Company's tariffs, as amended from time-to-time which are lawfully on file, become the agreement for service between the Company and the Customer. Requests for additional service and changes to service, upon acceptance by the Company, become a part of the agreement for service provided that each item of additional service shall be subject to the applicable minimum term of service. Acceptance or use of service offered by the Company shall be deemed an application for such service and an agreement by the Customer to subscribe to, use, and pay for such service in accordance with the applicable tariffs of the Company, as amended from time to time, which are lawfully on file. Any change in rates or other tariff provisions which are lawfully made shall be deemed to modify all agreements for service affected by such changes without further notice by Company to the Customer.

**2.16 Interconnection**

**2.16.1** Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other common carriers or systems. The Company does not undertake to provide any special facilities, equipment, or services to enable the Customer to interconnect the facilities or the equipment of the Company with services or facilities of other common carriers or with private systems.

**2.16.2** Interconnection with the services or facilities of other common carriers shall be under the applicable terms and conditions of this tariff and the other common carrier's tariffs.

**2.16.3** The Customer shall ensure that the facilities or equipment provided by the Customer are properly interconnected with the facilities or equipment of the Company. If the Customer maintains or operates the interconnected facilities or equipment in a manner which results or may result in harm to the Company's facilities, equipment, personnel, or the quality of service, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this written notice fails to eliminate the actual or potential harm, the Company may terminate the existing service of the Customer pursuant to Section 2.14 of this tariff.

**2.17 Inspection, Testing and Adjustment**

Upon reasonable notice, the facilities provided by the Company shall be made available to the Company for such tests and adjustments as may be deemed necessary for maintenance in a condition satisfactory to the Company. No interruption allowance will be granted for the time during which such tests and adjustments are made.

**2.18 Reservation of Toll Free "800/888" Numbers**

The Company will make every effort to reserve Toll Free "800/888" vanity numbers for customers, but makes no guarantee or warranty that the requested number(s) will be available.

**2.19 Portability of Toll Free "800/888" Numbers**

**SECTION 2 - RULES AND REGULATIONS, (CONT'D.)****2.20 Local Charges and Cellular Air Time Charges**

In certain instances, the Customer may be subject to local exchange company charges or message unit charges or to cellular company air time charges to access the Company's network or to terminate intrastate calls. The Company shall not be responsible for any such local charges incurred by the Customer in gaining access to the Company's network.

**2.21 Tests, Pilots, Promotional Campaigns and Contests**

The Company may conduct special tests, pilot programs, waivers and promotions to demonstrate the ease of use, quality of service and to promote the sale of its services. Such tests, pilot programs, waivers and promotions will be implemented after notification to and approval of the SC PSC.

**2.22 Marketing**

As a telephone utility under the regulation of the Public Service Commission of South Carolina, [the Company does] hereby assert and affirm that as a reseller of intrastate telecommunications service, [the Company] will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and [the Company] will comply with those marketing procedures, if any, set forth by the Public Service Commission. Additionally, [the Company] will be responsible for the marketing practices of [its] contracted telemarketers for compliance with this provision. [The Company understands] that violation of this provision could result in a rule to Show Cause as to the withdrawal of [its] certification to complete intrastate telecommunications traffic within the state of South Carolina.

**SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)****3.2 Calculation of Distance**

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by BellCore (Bell Communications Research) and on file with the FCC in AT&T FCC Tariff No. 10, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

**SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)**

**3.3 Timing of Calls**

Billing for calls placed over the network is based in part on the duration of the call.

**3.3.1** Timing for Person-to-Person calls begin when the caller is connected to the designated party or agreed upon alternate. Timing for all other calls begins when the called party answers the call (i.e. when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.

**3.3.2** Chargeable time for all calls ends when one of the parties disconnects from the call.

**3.3.3** Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.

**3.3.4** Calls are measured and billed in one minute increments unless otherwise indicated in this tariff. Any partial minute is rounded up to a full minute.

**3.3.5** No charges apply to incomplete calls.

**SECTION 4 - MISCELLANEOUS SERVICES****4.1 Operator Services**

Operator Services are offered to Customers. Operator Services allow Customers and Consumers to place calls using operator assistance for call completion or billing.

Usage charges and an appropriate service charge will be assessed on a per call basis, as stated in this tariff. For calls made using a telephone company card, acceptance of the card will be dependent upon the Company's ability to verify the card as valid. Only those cards accepted by the Company may be used for Operator Services. The Company reserves the right to verify acceptance of charge prior to billing charges to a third party number.

- 4.1.1** Operator services may be used by the presubscribed Customer and by the Aggregator and their respective Consumers (i.e., patrons, guests, invitees or employees) to complete Person-to-Person, Collect, Third-Party, and/or Calling Card calls.
- 4.1.2** Charges for Operator Assisted Calls include two components: a usage-sensitive component based upon the time-of-day rate period, mileage, and duration of the call; and a fixed service charge based upon the type of operator service provided. A third component, the Operator Assisted 0- Surcharge, applies to calls for which the Customer/Consumer has the capability of dialing the destination number but elects to have the Company operator dial the number instead.
- 4.1.3** The usage-sensitive portion of the charge for an Operator Assisted Call is set forth in Section 4.1.9 below.
- 4.1.4** The fixed service charge portions of the charge for an Operator Assisted Call is set forth in Sections 4.1.8 below.
- 4.1.5** The Company shall not bill the Customer for any surcharges or fees imposed by the Aggregator. With respect to charges imposed by the Aggregator for the use of the telephone, the Aggregator is responsible for charging a flat rate and for posting of the charge in plain view at each telephone.

**SECTION 4 - MISCELLANEOUS SERVICES, (CONT'D.)****4.1 Operator Services, (Cont'd.)**

- 4.1.6** Service may be suspended by the Company, without notice to the Customer or the Aggregator, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, Calling Cards or credit cards, when the Company deems it necessary to take such action to prevent unlawful use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace the one that has been deactivated. The Company reserves the right to validate the credit worthiness of Customers through available credit card, Calling Card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer/Consumer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.
- 4.1.7** The Aggregator is responsible for payment of the Company's charges for all calls placed from the Aggregator's Premises except for Collect, Third Party, Calling Card and credit card calls. The Calling Card or credit card holder or local exchange company service subscriber is responsible for payment of the Company's charges for all calls billed to a Calling Card, credit card or a telephone line number, respectively.

**SECTION 4 - MISCELLANEOUS SERVICES, (CONT'D.)****4.2 Busy Line Verification and Interrupt**

Busy Line Verification and Interrupt services are offered in areas where the service may be obtained from the local exchange carrier.

With Busy Line Verification (BLV), the Company operator will contact the LEC operator to determine if the called number or line is in use. Only one BLV will be made per telephone call and an associated charge will apply whether or not conversation was detected on the line. The operator will not complete the call for the Customer initiating the verification request.

Busy Line Interrupt (BLI) allows the Company operator to contact a LEC operator to interrupt a telephone conversation in progress, upon the caller's request and after a Busy Line Verification occurs. Upon the caller's request, the Company operator will contact the LEC operator, who will interrupt the busy line and inform the called party that there is a call waiting from the caller. The LEC operator will not complete the call, but will only inform the called party of the request. If the call is released the Company operator will offer to complete the call for the Customer initiating the interrupt request. An applicable service charge and applicable per minute charges will apply to the completed call. Only one BLI attempt will be made per telephone call and a charge will apply whether or not the called party releases the line.

**4.2.1 Maximum Busy Line Interrupt Charges:**
